AUTONOMOUS CLEANING HAS THE FLOOR

X6 ROVR™
AUTONOMOUS FLOOR SCRUBBER

Our mid-sized autonomous scrubber is purpose-built to deliver maximum cleaning coverage with minimal oversight, freeing your team to focus on other high-value tasks.

- Easy integration into your existing floor care protocols.
- Deploy effortlessly to maintain a high standard of clean.
- Track and manage your fleet with BrainOS® Ops Management tools.
- Support throughout the robot's lifetime from our factory-direct service and customer success teams.

Built for productivity in many spaces
Maximize mobility and cleaning efficiency through a thoughtfully designed frame and advanced 3D LiDAR technology, enabling intelligent and agile navigation in dynamic environments.

Exceptional performance in more environments
The X6 ROVR is designed to achieve a high level of clean, featuring a dual disk scrub path, high-performance vacuum system, and velocity-controlled solution delivery that adapts to various hard floor environments.

Achieve more continuous cleaning
Clean for longer and with less monitoring with an available Tennant XC[1] charging station, automatically recharging equipment when the battery runs low—boosting uptime and optimizing cleaning efficiency.

A credible and reliable team member
Meet your new teammate: a trusted, reliable workhorse that lives up to its promises, backed by Tennant Company's robotic cleaning expertise and over 150 years of experience.

DESIGNED FOR MANEUVERABILITY. OPTIMIZED FOR PRODUCTIVITY.

Color changing status light
Provides visual information regarding machine status.

Front 3D LiDAR
Enhances visibility for increased autonomy.

Intuitive controls
Ensure ease of use and efficiency for operators.

Lithium-ion batteries with 5-year warranty* + standard on-board charger or optional Tennant XC[1] charging station
For maximum charging flexibility.

Color-coded touch points
For ease of training and maintenance.

Insta-Click™ brush attachment
For easy and safe brush and pad maintenance.

Squeegee + recovery system
Provides optimal water pick-up, helping to keep floors dry.

No-tool brush + squeegee blade replacement
Maintain squeegee and pads in less than 2 minutes.

*Lithium-ion batteries are warranted for five (5) years non-pro-rated.

X6 ROVR SPECIFICATIONS

Scrubbing path (dual disk)	26 in / 650 mm
Length	48 in / 122 cm
Width	31.5 in / 80 cm
Height	46 in / 117 cm
Solution tank | recovery tank	25 gal / 95 L | 25 gal / 95 L
Autonomous scrubbing battery runtime	Up to 6 hours
Weight (tanks empty) w/ battery	582 lbs / 264 kg
